- Do you have anything for those that don't drink wine?
 - Yes, we offer 4 rotating beers on tap plus more by the can or bottle, including cider beer and other rotating options. We also offer soda and Nespresso coffee.

 - No, we only serve wine and beer.
- Do you serve food?
 - Yes! We have a simple menu of food that pairs well with wine. We offer small plates such as cheese and charcuterie boards, salad options and Neapolitan style pizza, as well as desserts. Our only heat source is the Stefano Ferrara wood burning pizza oven.
- What is Neapolitan style pizza?
 - It is an Italian style of pizza originated in Naples, Italy, and has a thin base with a slightly runny middle, made of 00 flour, yeast, sea salt and water. Each pizza is cooked in our wood burning pizza oven that gets up to 900 degrees. Our pizzas are about 11 inches in size and cut into 6 slices.
- Do you offer gluten-free pizza?
 - We do not currently have a gluten-free pizza option. We have a small kitchen area and do not feel we would be able to effectively offer a truly gluten-free pizza at this time. We can, however, serve almost any of our small plates or salads as gluten-free.
